

# CUMULATIVE YEAR-END INDEX—2001

## SMALL ANIMAL/EXOTICS AUTHOR INDEX

### A

- Abrams, K., 255, 363  
 Alexander, S., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 American Association of Feline Practitioners/Academy of Feline Medicine, 71, 116, 652  
 Anderson, P., 433  
 Anderson, W. H., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Armstrong, P. J., 364  
 Arnold, D. L., 796

### B

- Bach, T., *Second International Flea Control Symposium*, April supplement (4A)  
 Backus, R. C., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Balam, J. M., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Barnett, S. H., *Clinical Advances*, March supplement (3A)  
 Bartges, J. W., 407, *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Bauer, J. E., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Beale, B. S., 12, 157  
 Bebiak, C., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Bergler, R., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Bernstein, A., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Beyer, R. S., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Bigley, K. E., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Biller, D. S., 818, 871  
 Biourge, V., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Bjorling, D. E., 524  
 Blagburn, B. L., *Second International Flea Control Symposium*, April supplement (4A), *Bayer Zoonosis Symposium*, June supplement (6A)  
 Bledsoe, D. L., *Second International Flea Control Symposium*, April supplement (4A)  
 Bleis, P., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Bloom, M. E., 178  
 Bolte, C., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Boyd, K. L., 359  
 Bradley, D. M., 20  
 Breitschwerdt, E., *Clinical Dialogue*, April supplement (4B)  
 Brown, R. M., 534  
 Brown, S. A., *Ferret & Rabbit Symposium*, February supplement (2A)

- Brown, S. A., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Bruyette, D., *Western Veterinary Conference 2000 Selected Proceedings*, January supplement (1A)  
 Bsiso, S., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Buffington, C. A. T., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Bunch, S. E., 633  
 Burkholder, W. J., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Butterwick, R., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)

### C

- Carpenter Jr., D. H., 712  
 Carroll, M. C., 45  
 Casella, M., 544  
 Cellio, B. C., 786  
 Chan, D. L., 896  
 Chandler, J. C., 995  
 Chatellier, K., 748  
 Ciszewski, D., *Second International Flea Control Symposium*, April supplement (4A)  
 Cohen, G., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Connor, M., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Cook, J., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Cooper, T. A., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Corrada, Y., 705  
 Côté, E., 45  
 Cottrell, T., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Cowan, S. M., 633  
 Cramer, K. R., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)

### D

- d'Avignon, A., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Davidow, E. B., 608  
 Day, T. K., *Tissue Perfusion & Oxygenation Clinical Cases*, July supplement (7A)  
 Denholm, L., *Second International Flea Control Symposium*, April supplement (4A)  
 Devlin, P., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Dobenecker, B., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Dolle, S., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Dryden, M. W., *Clinical Advances*, March supplement (3A), *Second International Flea Control Symposium*, April supplement (4A)

- Duffy, T. C., *Tissue Perfusion & Oxygenation Clinical Cases*, July supplement (7A)  
 Dumon, H., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Dranis, D. A., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)

### E

- Eigner, D., *Alternatives™, A Veterinary Clinical Update*, January supplement (1)  
 Engelhard, R., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Erswell, K. E., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)

### F

- Fahey Jr., G. C., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Finco, D. R., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Fisher, M. A., *Second International Flea Control Symposium*, April supplement (4A)  
 Flickinger, E. A., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Ford, R. B., *Alternatives™, A Veterinary Clinical Update*, January supplement (1), 81, 342, *Clinical Dialogue*, April supplement (4B)  
 Forrester, S. D., 56, 739, 798  
 Franch, J., 1083  
 Frank, G. R., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Freeman, L. M., 896  
 Frégier, T., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Frenais, R., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Fukase, T., *Second International Flea Control Symposium*, April supplement (4A)

### G

- Gaddy, J., 1073  
 Gagne, J., 364  
 Gates III, L., 178  
 Gobel, T., *Ferret & Rabbit Symposium*, February supplement (2A)  
 Gobello, C., 705  
 Good, K. L., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Goodly, L., 249  
 Graham, J. E., 359  
 Grant, D. C., 739, 798  
 Griffin, B., 1049, 1058  
 Gunn-Moore, D., *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Gutierrez, S., 603

May	397-473	November	946-1002
June	493-571	December	1033-1088

SMALL ANIMAL/EXOTICS SUBJECT INDEX<sup>a</sup>

## A

- Abdominal palpation, 439, 533  
basics, 439  
findings, 533
- Acute Respiratory Distress Syndrome (see Lung injury)
- Adenocarcinoma, perianal apocrine gland, in a ferret, 359-362
- Aleutian mink disease parvovirus, in ferrets, 178-185  
clinical disease, 179-180  
diagnostics, 181-182  
history, 178-179  
prevention, 183  
transmission, 180-181  
treatment, 182-183
- American Association of Feline Practitioners/ Academy of Feline Medicine panel report (see Vaccines, feline)
- Amitriptyline, 433-437
- Amlodipine, 558-559, 587
- Anabolic agents, for sarcopenia and cachexia, *Purina Nutrition Forum Proceedings*, September supplement (9A)  
cachexia due to disease and injury, 11  
changes in lean body mass during aging, 11  
contractile activity, 13  
effective in muscle, 11-12  
nutritional interventions, 12-13  
other possible anabolic agents, 13
- Anesthesia, hypotension, dogs and cats, 728-737  
arterial blood pressure, monitoring, 729-730  
pathogenesis, 730-731  
prevention and treatment, 731-734
- Anorexia, in cats, *Western Veterinary Conference 2001*, August supplement (8A)  
case histories, 9-11  
dental/oral disease, 9  
diagnosis, 8-9  
gastrointestinal disease, 9  
nasal disease, 9
- Antibiotic resistance, 464-473  
exchange of genetic information, 468  
intrinsic and acquired, 467-468  
mechanics of antimicrobial, 468-470  
multidrug, 470  
nosocomial infections, 470-471
- Antidiabetic drugs, oral, for cats, 633-642  
 $\alpha$ -Glucosidase inhibitors (acarbose), 638  
biguanides (metformin), 635-637  
sulfonylureas (glipizide), 634-635  
thiazolidinediones (troglitazone), 637-638
- Azithromycin, 242-247, 269

## B

- Babesiosis (see Parasites)
- Bandaging  
basic principles, 12-17  
aftercare, 16  
primary layer, 13-15  
properties and functions, 12  
secondary layer, 16  
tertiary layer, 16  
external coaptation, 157-164  
aftercare, 162-163  
casts, 159-160  
Robert-Jones bandages, 157-159  
slings, 160-162  
splints, 162
- Bilateral coxofemoral osteoarthritis in a Great Dane, 888-894  
case presentation, 890  
nutraceutical components, 889-890  
osteoarthritis treatment, 888-889  
treatment and clinical course, 890-891
- Body composition, of dogs and cats, *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)  
absorptiometric techniques, 7-8  
assessing obesity, 18  
body weight, 2-3  
compounds affecting body composition, 24-25  
dietary components influencing body composition, 22-24  
electrical impedance, 5-6  
etiologies of obesity, 19-20  
feeding practices impacting body composition, 21-22  
health risks of obesity, 18-19  
isotope dilution, 6-7  
morphometric techniques, 3-4  
ultrasound, 4-5  
weight loss, benefits, 20-21
- Body fat estimates, comparison of, by dual-energy x-ray absorptiometry and deuterium oxide dilution, *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)
- Bone grafting  
biologic alternatives to, 272-279  
growth factors, 273-276  
biophysical alternatives to, 423-431  
axial dynamization, 426-428  
electrical stimulation, 425-426  
therapeutic ultrasonography, 423-425

## C

Calcium requirements for puppies, effect of breed size, *2000 Purina Nutrition Forum Proceedings*,

- September supplement (9A)  
breed differences, 67  
calcium level for large-breed puppies, 66-67  
Great Danes, 67-68  
safe range of dietary calcium for large-breed puppies, 68
- Calorie requirements, pet cats, *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)
- Canine litter system, development of, *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)
- Canine milk polyunsaturated fatty acid composition during lactation, *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)
- Cardiac abnormalities, 817, 887  
abnormal sounds, 887  
auscultation, 817
- Cardiology, 342-345
- Carnitine, 45-52  
choline and, 49  
deficiency, 47-49  
functions, 45-46  
metabolism, 46-47  
obesity and, 49  
supplementation, 49-50
- Cerebrospinal fluid in dogs and cats, 786-794  
collection, 786-789  
cytopreparatory techniques, 789-791  
processing, 789  
staining, 791
- Chemotherapy safety, 860-867  
biologic safety cabinets, 861-862  
gloves, 862  
gowns, 862-863  
guidelines, 861  
occupational exposure risk, 860-861  
spills, 863-866  
waste disposal, 866  
work area, 861  
work practices, 865
- Chlamydia felis*, 231-241  
cause, 231-232  
clinical signs, 232-233  
diagnosis, 234  
epidemiology, 232  
pathogenesis, 232  
treatment, 234-235  
vaccination and immunity, 235-238  
zoonotic potential, 238
- Client perceptions and canine weight loss, *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)
- Colloid osmotic pressure, 896-904  
colloid fluid therapy, 899-900  
fluid balance in diseases, 899

<sup>a</sup>Page numbers in italics indicate subjects which appeared in a supplement to *Compendium*.

- future research, 900-902  
 generation and maintenance, 897-898  
 measurement, 898-900
- Colon problems, dietary treatment for, 2000 *Purina Nutrition Forum Proceedings*, September supplement (9A)
- Computer program as a tool for canine weight loss, 2000 *Purina Nutrition Forum Proceedings*, September supplement (9A)
- Congenital urethrorrectal fistulas, 995-1002  
 anatomy and embryologic formation, 996  
 comparison with humans, 1000  
 diagnosis, 996  
 treatment and prognosis, 996  
 veterinary documentation, 996-1000
- Cosequin® (see Bilateral coxofemoral osteoarthritis)
- Cysteine, loss of, in dog and cat plasma after sample collection, 2000 *Purina Nutrition Forum Proceedings*, September supplement (9A)
- D**
- Dentistry  
 dental care interview, 35  
 dental exam, 121
- Dermatitis, chronic atopic, in canines, 454-461  
 clinical presentation, 455  
 diagnosis, 455-456  
 threshold theory and concurrent allergies, 455  
 treatment, 456-458
- Dermatologic problems, diagnosing, 631, 727
- Diabetes mellitus, *Western Veterinary Conference 2000*, January supplement (1A), 544-557, 2000 *Purina Nutrition Forum Proceedings*, September supplement (9A)  
 capillary blood sampling, in dogs and cats, 545-546  
 high-protein diet in the management of, 97  
 home monitoring of diabetic dogs and cats, 551-553  
 management, 14-18  
 management of, home monitoring of blood glucose concentration in, 544-557  
 portable blood glucose meters, 546-551  
 self monitoring of blood glucose in human diabetics, 545  
 serial blood glucose curves, 544-545
- Diabetic ketoacidosis, 220-229, 330-340  
 acid-base therapy, 333  
 clinical presentation, 223-224  
 diagnostic evaluation, 224-226  
 general therapeutic considerations, 330-331  
 insulin therapy, 333-338  
 intravenous fluid therapy, 331-332  
 magnesium therapy, 333  
 pathogenesis, 220-223  
 patient monitoring, 338  
 phosphorus therapy, 333  
 potassium therapy, 332-333  
 prognosis, 338
- Diarrhea stress syndrome, in sled dogs, 2000

*Purina Nutrition Forum Proceedings*, September supplement (9A)  
 Drug preparation, hazardous (see Chemotherapy safety)

- E**
- Ehrlichiosis, testing for, *Clinical Dialogue*, April supplement (4B), 1-5
- Electrolyte balance, *Western Veterinary Conference 2001*, August supplement (8A)  
 determining fluid selection, 13-14  
 determining need, 13  
 determining route of administration, 14  
 electrolyte dysfunctions, 14-16
- Energy expenditure and requirement, adult cats, 2000 *Purina Nutrition Forum Proceedings*, September supplement (9A)
- Energy requirements in adult dogs, 2000 *Purina Nutrition Forum Proceedings*, September supplement (9A)
- Enrofloxacin, treatment of piscine mycobacteriosis, 623-628, 692
- Erythremic myelosis, 880-886  
 association with feline leukemia virus, 880-881  
 clinical pathology findings, 882-884  
 clinical signs, 882  
 incidence, 882  
 pathogenesis, 881-882  
 signalment, 882  
 terminology, 880  
 treatment, 884
- Estrous cycle, in cats, 1049  
 breeding behavior, 1052-1053  
 fertility, 1050-1051  
 ovulation and pseudopregnancy, 1053  
 phases, 1051-1052  
 pregnancy, 1053  
 pregnancy diagnosis, 1053-1055  
 puberty, 1049-1050  
 seasonality, 1050
- Exotics Rounds (see Adenocarcinoma; Enrofloxacin in treatment of piscine mycobacteriosis; Intestinal obstruction in a savannah monitor)
- Extramedullary plasmacytoma, in the canine trachea, 143-152  
 case report, 143-146

- F**
- Feline immunodeficiency virus, *Alternatives™, A Veterinary Clinical Update*, January supplement (1)  
 concurrent infection, 3  
 diagnosis, 3-6  
 disease management, 6-8  
 disease process, 1-2  
 history, 1  
 lymphomas, 3  
 prevalence, 2  
 prevention, 8  
 transmission, 2-3

- Fermentation of liquid animal digest with meat lactic acid bacteria starter cultures, 2000 *Purina Nutrition Forum Proceedings*, September supplement (9A)
- Ferrets (see also Adenocarcinoma; Aleutian mink disease parvovirus), *Ferret & Rabbit Symposium*, February supplement (2A)  
 husbandry and clinical techniques, domestic 23-31  
 infectious diseases, 43-48  
 pharmaceuticals for, 5-13
- Fertility, in cats, 1058  
 demographics, 1061-1062  
 feline overpopulation, 1060-1061  
 feral cats, 1064  
 orphan kittens, 1060  
 parturition, 1058-1059  
 pregnancy prevention, 1062-1064  
 trap-neuter-return, 1064-1065  
 welfare of surplus cats, 1062
- Fever, of unknown origin, 976-992  
 causes, 978-979  
 diagnostic approach, 979-989  
 temperature regulation and pathophysiology, 977-978  
 therapy, nonspecific, 989-990
- Flatulence, causes and management options, 1075-1082  
 feeding plans, 1077-1079  
 medical therapy, 1079-1080  
 monitoring patients, 1080  
 patient assessment, 1076-1077  
 production of intestinal gas, 1075-1076
- Flea control, *Second International Flea Control Symposium*, April supplement (4A)  
 efficacy of imidacloprid in controlling flea allergy dermatitis in cats, 15-17  
 efficacy of imidacloprid on ferrets, 8-10  
 efficacy of imidacloprid on rabbits, 11-14  
 flea susceptibility monitoring initiative, 4-7  
 influence of imidacloprid on adult cat flea feeding, 18-21
- Fompizole, 1073  
 acute toxicity, 1073-1074  
 cautions, 1073  
 dosage and administration, 1074  
 indications, 1073  
 pharmacology and pharmacokinetics, 1073  
 preparations, 1074
- Food reactions, feline, *Western Veterinary Conference 2001*, August supplement (8A)  
 clinical signs, 5-6  
 diagnosis, 6  
 diet, 6  
 monitoring, 6-7  
 treatment, 7
- Fracture repair (see bone grafting)
- Fructooligosaccharide supplementation, 2000 *Purina Nutrition Forum Proceedings*, September supplement (9A)

**G**

Gastric dilatation-volvulus syndrome, resuscitation in, *Tissue Perfusion & Oxygenation Clinical Cases*, July supplement (7A)

case study, 8-10

Gastric emptying times in large and giant-breed growing dogs, *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)

Gastrointestinal string foreign bodies, cockatoo, 946-950, 974

Gender effects on hormonal and lipid profiles in cats before and after neutering, *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)

Genetic considerations, kittens, *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)

birth/queen-related factors, 59

congenital abnormalities, 60-61

infection, 61-62

low birth weight, 59-60

multi-factorial diseases, 62-63

neonatal isocrythrolysis, 57-59

German shepherds (see Pancreatic acinar atrophy)

Glomerular filtration rate in dogs, effects of obesity on, *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)

Glomerulonephritis, in dogs and cats, 739-747, 798-805

clinical signs, 742-743

complications, 743

diagnosis, 798-801

diagnostic differentials, 741-742

glomerular anatomy and function, 739-740

histologic classification, 740-741

pathophysiology, 740

prognosis, 803

signalment, 742

treatment, 801-803

Glucose metabolism and lipids in the cat, *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)

Granulomatous meningoencephalomyelitis in dogs, 644-651

clinical signs, 645

diagnosis, 646-648

pathology, 644-645

prognosis, 649

syndromes, 645-646

treatment, 648-649

**H**

Haemobartonellosis (see Parasites)

Heatstroke, canine, *Tissue Perfusion & Oxygenation Clinical Cases*, July supplement (7A)

case study, 5-6

Hematuria, evaluation of diagnostic litter additive for the detection of, *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)

Herpesvirus-1 and calicivirus, feline, 166-176

causes, 167

clinical features, 168-169

control, 172-174

diagnosis, 169-171

pathogenesis and epidemiology, 167-168

treatment, 171-172

Hypotension, in cats and dogs (see Anesthesia)

Hypothermia, critically ill dogs and cats, 506-521

causes of secondary hypothermia, 508

classification, 506-507

complications, 508-512

complications of rewarming, 516-518

consequences,

anesthetic and surgical, 515

cardiovascular, 513

clinical pathology, 512-513

following trauma, 515-516

immune system, 515

neurologic, 513-515

respiratory, 513

mechanisms of heat loss, 507

metabolic benefits, 508

therapy, 518-519

thermoregulation, 507-508

**I**

Inflammatory bowel disease, in dogs, *Western Veterinary Conference 2000*, January supplement (1A)

Inflammatory bowel disease, in cats, 951-961, 964-972

clinical signs, 953

diagnosis, 954-959

pathogenesis, 951-953

physical examination, 953-954

prognosis, 970-972

signalment, 953

therapy, 964-970

Inflammatory liver diseases, in cats, 364-373

diagnosis, 366-370

prognosis, 371

treatment, 370-371

types, 364-366

Intestinal obstruction, in a savannah monitor, 1083-1087

**L**

Larva migrans and hydatid disease, visceral and cutaneous in humans, *Bayer Zoonosis Symposium*, June supplement (6A)

cutaneous larva migrans, 12-13

hydatid disease, 13-16

prevention, 16-17

visceral larva migrans, 11-12

Lower urinary tract surgery, suture selection for, 524-531

calculi, 527

cysts, 527

infection, 526

inflammation and wound healing, 524-526

suture gauge, 527

tissue reaction, 527

Lung injury, acute 712-725

clinical findings, 716-717

outcome, 723

pathogenesis, 716

pathophysiology, 713-716

risk factors, 713

treatment, 717-723

Lyme disease, testing for, *Clinical Dialogue*, April supplement (4B), 5-8

**M**

Malignancy, endocrine manifestations of, in cats, 1042-1046

altered calcium homeostasis, 1042-1045

altered glucose homeostasis, 1045-1046

altered sodium homeostasis, 1046

Mammary tumors, canine 705-710

clinical approach, 706

diagnosis, 707

histopathology, 706-707

prevention, 708

prognosis, 708

treatment, 707-708

Methimazole, 36-41

Miniature dachshunds (see *Pneumocystis carinii*)

Mitotane, 796-797, 815

**N**

Neutropenia, in dogs and cats, 534-543

evaluating patients, 537-538

neutrophil function, migration, and chemotaxis, 534

pathophysiology and causes, 535-536

sequelae, 536

treatment, 538-541

Nitenpyram, *Clinical Advances*, March

supplement (3A), 748-749

efficacy, 12-19

introduction, 4-6

related findings, itching, 20-23

safety studies, 7-11

speed of kill, 24-27

Nutrient profiles and weight-loss diets, AAFCO, *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)

nutrient profiles, dog and cat food, 33-36

nutrients and weight loss, 37-38

weight-loss diets, 36-37

Nutritional assessment, dogs and cats receiving radiation therapy, *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)

**O**

Obesity, genetic factors in, *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)

Obesity management, *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)

methods and results, 29-31

- Oncology, 81-83
- Ophthalmology
  - basics, 255
  - eye examination, 363
- Orthopedic problems, 963, 1071
- Overfeeding in cats, human-animal relationship, *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)

**P**

- Pancreatic acinar atrophy, in German shepherds, 347-357
  - clinical signs, 349
  - diagnosis, 349-351
  - etiology, 347-348
  - pathophysiology, 348-349
  - prognosis, 354
  - therapy, 351-354
- Parasites, 310-319, *Bayer Zoonosis Symposium*, June supplement (6A)
  - canine babesiosis, 312-318
  - canine fecal survey methods, 5-6
  - canine haemobartonellosis, 310-312

  - prognosis, 617

**T**

- Taurine deficiency of Newfoundland dogs maintained on commercial diets, *2000 Purina Nutrition Forum Proceedings*, September supplement (9A)
- Toxocariasis, ocular manifestations in humans, *Bayer Zoonosis Symposium*, June supplement (6A)
  - diagnosis of ocular toxocariasis, 21
  - history, 18
  - ocular manifestations, 19-20
  - pathology, 20-21
  - relationship to visceral larval migrans, 21
  - sources of infection, 18-19
  - therapy, 21-22

**U**

- Upper respiratory tract pathogens, feline (see *Chlamydia felis*; Herpesvirus-1)
- Uroliths, feline, *Western Veterinary Conference 2001*, August supplement (8A)
  - case outcome, 3-4
  - case study, 2-3
  - management, 3
  - surgery, 3

Uveitis, feline, 128-141, 258-269  
 anatomy and physiology, 128-129  
 clinical manifestations, 129-130  
 complications, 265-266  
 diagnosis, 258-260  
 diagnostic differentials, 130-138  
 treatment, 260-265

## V

Vaccine-induced immune response in adult and senior dogs fed an antioxidant-supplemented diet, 2000 *Purina Nutrition Forum Proceedings*, September supplement (9A)

Vaccines, feline

liability and management, 116-120, 122-126, 165

adverse events and event reporting, 118-119

labels, 117-118

practice management considerations, 122-123

recommendations and future considerations, 123-126

serologic testing, 119-120, 122

variation among vaccines, 119

selection and administration, 71-80

*Bordetella bronchiseptica* infection, 78

chlamydiosis, 76-77

dermatophytosis, 77-78

feline infectious peritonitis, 77

feline leukemia virus infection, 76

feline panleukopenia, 74

feline rhinotracheitis virus and feline calicivirus infection, 74-75

giardiasis, 78-79

rabies, 75-76

Vegetarian dogs and cats in Europe, 2000 *Purina Nutrition Forum Proceedings*, September supplement (9A)

## W

Weaning stress in puppies, clinical evaluation of, 2000 *Purina Nutrition Forum Proceedings*, September supplement (9A)

WebMed (see Cardiology; Oncology)

Weight-loss studies, 2000 *Purina Nutrition Forum Proceedings*, September supplement (9A)

adverse health effects of food restriction, 50

assessment of essential nutrient intake, 48-50

assessment of obesity, 45

composition of weight loss, 48

estimation of maintenance energy requirements, 45-48

ground reactive force in dogs with osteoarthritis, 74

Weight-reduction programs, consideration for, 2000 *Purina Nutrition Forum Proceedings*, September supplement (9A)

outcome and success criteria, 43-44

recruitment criteria, 43

Wound contraction, 20-34

clinical basics, 21-23

clinical factors, 23-31

granulation tissue, 20-21

second-intention wound healing, 20

## Z

Zoometric measures as an assessment of body composition of dogs and cats, 2000 *Purina Nutrition Forum Proceedings*, September supplement (9A)

## EQUINE SUBJECT INDEX<sup>a</sup>

**A**

Acupuncture and traditional Chinese medicine, 188-193, 838-841, 852  
     back pain, 838  
     coxofemoral lameness, 840  
     fetlock lameness, 840  
     foot lameness, 840  
     peripheral nerve paralysis, 840  
     shoulder lameness, 838-840  
 American Association of Equine Practitioners Convention, 916-917  
 Androgen insensitivity syndrome, 751-753  
     clinical case, 751-752  
     discussion, 752-753  
 Appendicular osteomyelitis, 760-766  
     diagnosis, 762-765  
     etiology, 761  
     pathogenesis, 762

<sup>a</sup>Page numbers in italics indicate subjects which appeared in a supplement to *Compendium*.

**B**

Bone fractures, proximal sesamoid, 678-687  
     anatomy, 678-680  
     biomechanics, 678-680  
     fracture types, treatments, and outcomes, 680-685  
     pathophysiology, 678-680

**C**

Cerebrospinal fluid, *Clinical Advances*, October supplement (10A)  
     albumin quotient, 18  
     cellular component of CSF, 16-17  
     CSF origin, 15  
     gross inspection of CSF, 15-16  
     IgG index, 18-19  
     interpretation of albumin quotient and IgG index, 19  
     other uses of CSF, 20

ponazuril, 26  
 protein component of CSF, 17-18  
 use of CSF in diagnosing protozoal myeloencephalitis, 19-20

Clostridial myositis, 577-587  
     clinical signs, 577-578  
     clinicopathologic findings, 578  
     diagnosis, 580-582  
     pathophysiology, 578-580  
     prognosis, 582-586  
     risk factors and prevention, 586  
     treatment, 582  
 Clostridiosis, neonatal, 280-285  
     clinical signs, 281-282  
     diagnosis, 284  
     laboratory findings, 282-284  
     prevention, 285  
     treatment, 284  
 Colostrum, and oral immunoglobulin therapy, in newborn foals, 286-291  
     colostrum substitutes, 287-289

factors influencing IgG absorption, 289  
immunoglobulin therapy in foals, 289-290  
*Compendium Equine Seminar highlights*,  
658-659

**D**

Degenerative joint disease, use of Cosequin\*,  
842-847

case presentation, 842-843  
clinical course, 843-844  
discussion, 844-846  
treatment, 843-844

Domperidone, 906-908

Dysphagia, 1020-1024, 1024-1028

**E**

Endotoxemia, 829-836, 852, 925-931

antiinflammatory mediators, 831  
biological response modifiers, 925-928  
effectors of the inflammatory process, 830  
future research, 929  
lipopolysaccharide, other mediators, 832  
pharmacologic therapy, 928-929  
proinflammatory mediators, 830-831

Equine Forum (see Acupuncture; Iontophoresis)

Equine protozoal myeloencephalitis, *Clinical  
Advances*, October supplement (10A)

clinical signs, 10-11  
diagnosis, 11  
ponazuril, 27-31  
treatment, 11-13, 24

**F**

Fractures (see Stifle disease)

**H**

Heaves, inhalation therapy for, 475-477  
inhalation delivery systems, 475-477  
medications, 477

Hematoma, progressive ethmoid, 1094-1103  
background/signalment, 1094-1095  
clinical signs, 1095-1096  
diagnosis, 1096-1097  
diagnostic differentials, 1097-1098

pathophysiology, 1095  
treatment, 1098-1102

**I**

Idiopathic laryngeal hemiplegia, 85-94  
assessment of upper airway function, 89-90  
laryngeal anatomy, 85-88  
treatment, 90-92

Iontophoresis, 95-99

**L**

Laminitis, medical treatment options, 918-921  
future treatments, 920  
treatment based on altered digital blood flow  
due to vascular tone, 919-920  
treatment based on endotoxemia/  
inflammation, 918-919  
treatment based on thrombosis, 920

Lyme disease, 375-381, 391  
prevalence and diagnostics, 375-376  
prevention, 377-378  
treatment, 376-377

Lymphoma, central nervous system, 194-202  
case reports, 194-197  
diagnostic differentials, 197-198  
diagnostic testing, 198-200  
history and signalment, 197  
pathologic findings, 200  
physical and neurologic examination  
findings, 197  
treatment, 200

**N**

Neonatal sepsis, 661-672  
multiorgan dysfunction syndrome, 662,  
667-668  
neonatal septicemia, 668-669  
pathophysiology of, 662-668  
sepsis scoring system, 669  
systemic inflammatory response syndrome,  
662, 665-667

**O**

Osseous injuries (see Stifle disease)

**P**

Placentitis, 573-575  
diagnosis, 573  
prevention, 575  
treatment, 573-575  
Ponazuril, efficacy, safety, *Clinical Advances*,  
October supplement (10A)  
Proinflammatory mediators (see Endotoxemia)  
Pulmonary hemorrhage in nonracing  
performance horses, management of exercise-  
induced, 1090-1093  
causes and mechanisms, 1090-1091  
diagnosis, 1090  
prevention and treatment, 1091-1093

**S**

*Sarcocystis neurona*, life cycle of, *Clinical  
Advances*, October supplement (10A)  
Squamous cell carcinoma (see Dysphagia)  
Stifle disease, 1004-1019, 1028  
distal femoral fractures, 1010-1013  
patellar fractures, 1004-1007  
proximal tibial fractures, 1013-1018  
tibial tuberosity fractures, 1007-1010

**U**

Update on Equine Therapeutics (see  
Clostridiosis)

**W**

Wound repair, cutaneous, growth factors in,  
383-391  
inflammatory phase, 383-385  
proliferative phase, 385-386  
remodeling phase, 386-388  
Wound repair, pathologic, growth factors in,  
479-485  
dermal scarring, 480  
dermal wound repair, 480-482  
pathologic overhealing, 480

**X**

XY sex reversal in mares, 753-757  
clinical features, 753-756  
diagnosis, 756-757

## VOLUME 23 PAGINATION

<i>Issue</i>	<i>Pages</i>
February	S1-S24
March	S25-S40
April	S41-S60
August	S61-S84
September	S85-S100
October	S101-S116

## FOOD ANIMAL SUBJECT INDEX

**A**

Acute interstitial pneumonia, in feedlot cattle, S86-S93, S110-S114

bacterial pneumonia, S111-S112  
bovine respiratory syncytial virus, S111  
diet-related pneumotoxins, S88-S90  
disease control, S112  
dust exposure, S91  
endotoxin, S112  
hypersensitivity, S90-S91  
pathology, S87-S88  
toxic gases, S92

**D**

Dairy veterinarians, future role of, S26-S29, S39

**F**

Forage particle length determination, in dairy practice, S30-S38

achieving adequate particle length, S36  
application to dairy practice, S36-S37  
current trends in fiber nutrition, S33  
fiber and long particle requirements, S30-S33  
methods of measuring forage particle length, S33-S34  
recommendations for adequate particle length, S34-S36

**M**

Musculoskeletal system examination, in recumbent cattle, S5-S13, S24

physical examination, S6-S12  
signalment and history, S6

**N**

Neonatal calf diarrhea, S73-S75

intervention, S74-S75  
risk-assessment format, S74

Neonatal calf morbidity, S95-S100

dystocia management, S95-S97  
herd nutrition, S97  
prepartum cow management, S97-S98  
vaccination program, S98

Nursery pig health and performance (Continuing Education Series), S14-S24

all in-all out pig flow, S19-S20  
behavioral problems, S17  
carbadox toxicity, S17  
F-10 system, S20

greasy pig disease, S14-S15  
multisite systems, S20-S21  
mycotoxins, S16-S17  
partial depopulation, S22  
sarcoptic mange, S15-S16  
sodium ion toxicosis, S17  
vitamin E-selenium deficiency, S16  
whole-herd depopulation-repopulation, S21-S22

**P**

Parasite control, bovine, S43-S51  
external parasites, S45-S49  
importance of, S43-S44

internal parasite infestations, S44-S45  
role of parasiticides, S49-S50

**S**

Scrapie, S52-S58

clinical signs, S53  
continued research, S57  
epidemiology, S53  
genotype classification, S56-S57  
history, S53  
pathology, S54  
preclinical testing for scrapie-infected sheep, S57  
relationship between genetics and the infectious agent, S54-S56  
transmission and pathogenesis, S53-S54

Sow mortality, S76-S84

causes of death, S78-S82  
risk factors, S77-S78  
surveys of, S76-S77

Subclinical ketosis, monitoring in dairy herds, S65-S71

cost-efficiency of monitoring for ketosis, S68-S69  
losses caused by ketosis, S65-S66  
prevention, S68  
subclinical ketosis, S66-S68

Surgical treatment of left displaced abomasum, S102-S108, S114

anatomy and pathogenesis, S102-S103  
clinical presentation and diagnosis, S103  
surgical techniques, S103-S107
